VALUES

The Value of a person is in his earning and depositing capacity. The Value of a dollar in the pocket at the end of a year is still a dollar and teaches a tendency to spend, but a dollar in an interest account stimulates thrift.

Twin Tires?—No

One's a Goodyear as It Might Be The Other Costs Us \$1,635,000 More

This is to prove that you can't judge tires by looks.

Here are two Goodyear tires, seemingly identical. But one is built like many of its rivals. Goodyear extras are omitted. The other has those hidden values. And those unseen extras, on this year's output, will cost us \$1,635,000.

This year's betterments alone add to our cost \$500,000 yearly. Yet our 1915 price reduction saves our users about five million dollars.

No Price Excuse

This is not a price excuse. Goodyear prices have been fairly racing down. Our late big reduction made the third in two years, totaling 45 per cent. No equal tire can compete

with the Goodyear, because of our matchless output. None does. Goodyear excels all other tires in at least five important ways.

You Deserve It

You deserve the Goodyear quality when you buy a tire. You deserve Fortified Tires, with the No-Rim-Cut feature, the "On-Air" cure, our extra-strong fabric, our number of plies. You deserve anti-skids, our All-Weather tread, tough, double-thick and resistless.

These things have brought Goodyear the largest sale in the world. They are saving our users millions of dollars yearly.

They are at your command. Any dealer, if you ask him, will supply you Goodyear tires. (2421)
